Mom I Love You very much and I miss you I'm going to tell you that when you worked as a nurse when we lived in Indiana I was just 4 I think and I remember that you walked into the kitchen and I was playing on the floor and I looked up at you with your nurses uniform and your white nurses hat and I remember thinking that you were the most beautiful person I ever saw I remember that so vividly I always remember that Is just the way you looked that day and then I saw that you wore that every day and then dad would take you to work and some days you would tell me stories about what you did the day before I will always remember that and I love you so much and I miss you
