“ I was sad to read the notice of Linda's passing. We worked together in Weyerhaeuser Company's Land Department around the early 1980's. I remember her sweet smile and willingness to take on any task. The most important thing in her life was her family, and she was very proud of them. Linda was one of those people you meet and never forget, no matter how many years pass. My sincere sympathy to Gene and Julia and your extended family. - Nancy (was Ennis) Burlison, Appleton, WI

“ Linda was my sister-in-law who never made me feel like a stranger. We didn't see each other a lot over the years, but we fell right in step like we were never apart. Always made us feel at home, always made room for anyone that came to visit. My friend and I made a trip with my kids and she said she had never met anyone to make her feel so welcome.

I'm so thankful I got to visit them in October last year, not knowing I wouldn't see her again. I know she is with her son, parents and sisters in Heaven having a great time.

Love You Linda and am really going to miss our little chats.
