“ Our family wants to extend our sincerest sympathies to your family. Melissa was Bess's BFF and feels the loss deeply. We have enjoyed Melissa immensely as she had visited, eaten with and laughed with us; most recently she was gracious enough to take in our mail, play with and feed our animals for an extended time while we were out of town. Melissa always had a smile and a kind word and appreciated a good hug! We will miss her and, speaking from experience, know that there is no way to erase the pain of your loss but know that the pain eases with time.

“ John, Cindy, Shanna, Chris and family, so sorry for your loss. May the Lord be with you during this time and help you through the days ahead. There are things we don't understand in this world, but we must continue our faith.
